MAIL ORDERS.

We solicit your orders by mail, with the knowledge that we can execute them to your complete satisfaction. The mail orders we fill every day form a large part of our business. We fill mail orders from every County in the State, from every State on the Pacific Coast, Alaska, Mexico, the Hawaiian Islands, China, Japan and the Philippines.

Modern merchandising is extensively conducted through the mails; descriptive catalogues, with illustrations and prices, enable those living at distant points from large cities to enjoy the same advantages as do city folks.

SATISFACTION.

There's a great deal of satisfaction in sending for articles, which, when received, are found of the highest quality and much better than could have been purchased at home.

The freshness, superior quality and fine flavor more than pay for the slight trouble you are put to in sending your order by mail.

We import from all corners of the globe, bringing food supplies not to be found at any other store. Ours is the house, which, with all its branches, transacts an immense volume of business, turning its stock four or five times a year, thus guaranteeing absolute freshness. The magnitude of our sales indicates the lowest prices consistent with the highest quality of our goods. All these facilities are offered you, and furthermore, we will buy for you anything outside of our regular line and give the same conscientious attention to procuring the best as we do in buying for ourselves.

Packing to arrive safely is a science. It is only learned by experience. Our packers have had the advantage of many years' experience and the work is carefully supervised. You can rest assured of the safe arrival of your orders.

Compare the prices in this catalogue with what you now pay, but don't forget the facts of freshness and high quality of the goods we quote.

HOW TO ORDER BY MAIL.

Use the regular order blank, as you will find it more convenient in every way. Try to keep a supply on hand. Always sign your full name, and write name and address very plainly, giving Postoffice, County and State, or nearest shipping point.

HOW TO SEND MONEY.

You can send by postoffice money order, express money order, bank draft, cash by registered letter, or your personal check.

The postoffice or express money order is by far the best and safest, because if lost, it is an easy matter to have a duplicate issued to you.

OF INTEREST TO ALL.

WHY DEAL AT GOLDBERG, BOWEN & CO.'S?

Because—

1st. "Their stock is very large and varied. Therefore I can get anything I want."
2nd. "Their sales are so large that their goods are always fresh."
3rd. "Their service is prompt and efficient."
4th. "Their four stores are most conveniently located."
5th. "Their salesmen are polite and well posted."

CRACKER DEPARTMENT

DR. JOHNSON'S EDUCATORS

Educator Crackers are made from carefully selected grains, which are ground by the old mill-stone process This conserves the full food value of the cereals. They are baked in ovens so constructed as to bring out the rich, sweet, nut-like flavor, that is delightfully pleasing and satisfying, and nourishing as well.

Educators are packed snugly in attractive tins, and they reach you fresh and crisp.

——SELL IT——

YOU need a bottle of medicinal wine or liquors *In Your Home.* If liquor is used *in moderation* it is *helpful* and *not harmful.* PORT WINE, SHERRY, CLARET---are all Tonics. A little *good* whiskey, diluted with water, is the *best kind* of a tonic for the old; especially *on retiring* at night. Moderation in all things. *Overdo* anything, and it's bad.

We want your next order.

Quality the best and popular prices.

DELIKATESSEN

The high standard set for delikatessen dainties has been rigidly maintained in all our stores. Epicure-ish folks were quick to recognize the superior delicacy of the toothsome things that we sell. Their commendations, so freely given, spur us on to even greater triumphs in the delikatessen art.

Why not a Dutch supper some night? We've the most delicious sauerkraut, pork, frankfurters, all kinds of cheese, etc. If you don't know exactly what to have, tell us how many will be in your party and we'll write you out an appropriate menu, together with cost.

Careful and judicious blending has produced a most pleasing "cup of tea"—fragrant, full bodied, and economical; two-thirds the quantity ordinarily used is sufficient. In all cases remove the leaves before serving.

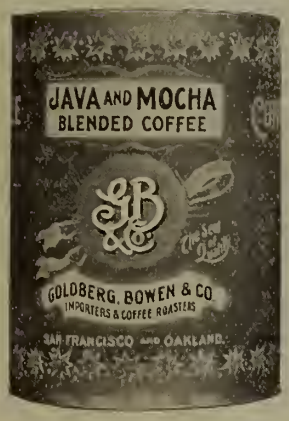
COFFEE DEPARTMENT



To Lovers of Good Coffee

Goldberg, Bowen & Co's High-Grade Blends are the Best

WE import all coffees we sell direct from the plantations where grown. Our sixty years of experience, in buying and selling coffees, guide us in the proper selection of the various grades the world produces. The severe tests that we employ, to determine the "quality" of the coffees that are shipped to us for approval, are the most rigid and exacting. The growers know of the painstaking care with which we judge coffees (how useless it would be to try to deceive us), so they are ever ready to offer us only their best growths.

The coffee berry is made up of so many tiny sacs and cells, each holding an atom of powerful, fragrant oil. That oil is the fragrance, the aroma. How to get coffee with all that fine, fragrant oil—how to get it fresh—is the question.

All coffees we sell are **FRESH ROASTED AND GROUND DAILY** in our own roasting plant, under the supervision of an expert, whose only aim is to preserve, during and after roasting, all of the fragrant oils that are necessary to produce coffee of delicious aroma and satisfying flavor. In grinding, all chaff and dust is fanned out automatically. The result is greater wholesomeness—and economy. Dust and chaff are the result of grinding or crushing the coffee bean in the mill, and brewing brings the extreme bitterness and tannin out of these fine particles before the larger grains are fully brewed. This indigestible dust floats and passes into the stomach.

"EXCELSIOR" BLEND COFFEE, Mocha and Java predominating, is a blend of the finest, most perfectly nourished coffee berries. The absolute purity and the unexcelled quality of Excelsior Blend Coffee insure the greatest economy.

When giving orders, customers should state whether they desire their coffee raw, roasted, or roasted and ground.

37½c per pound; five pound can $1.95

SUGAR

Bar Sugar

Hawley's Excelsior Bar Sugar is used for fancy frosting, bakers' use, and is especially adapted for general bar use. It is manufactured by an improved process and will dissolve instantly in all liquids. It is put up in 33⅓-lb. cans and for shipment out of town is enclosed in a wooden box. This mode of packing prevents it from caking.

We cannot quote prices in these columns, as the market is constantly changing.

Granulated Sugar

We recommend buying granulated sugar in 50 and 100-lb. sacks. It contains the same quality of sugar that is found in the barrels and boxes.

This method of buying sugar will be found the most economical.

We also have the same sugar packed in barrels, ½ barrels and boxes. Boxes contain 25 lbs. and 35 lbs.

But for these packages we are obliged to charge for 50 lb. sack, 10c; barrel, 10c; ½ barrel, 25c and boxes, 50c per cwt. over the regular list prices.

We allow a credit of 15 cents for empty sugar barrels.

Cube and Crushed are packed 25 lbs. in box. Granulated, Fine Crushed, Powdered, Golden C and Island come 30 lbs. in a box.

BUY COFFEE DIRECT FROM IMPORTERS

The "quality" of these coffees at the prices we ask cannot be excelled.

The Finest Variety and Mixtures

"Excelsior Blend," in which **Mocha** and **Java** predominate. A blend of finest, matured coffee berries, selected from the seasons' best growths. Excelsior Coffee is satisfying to the most discriminating coffee drinkers, and the most economical for daily use—owing to the rich, distinct flavor and absolute purity.

40c per lb. in air-tight packages.

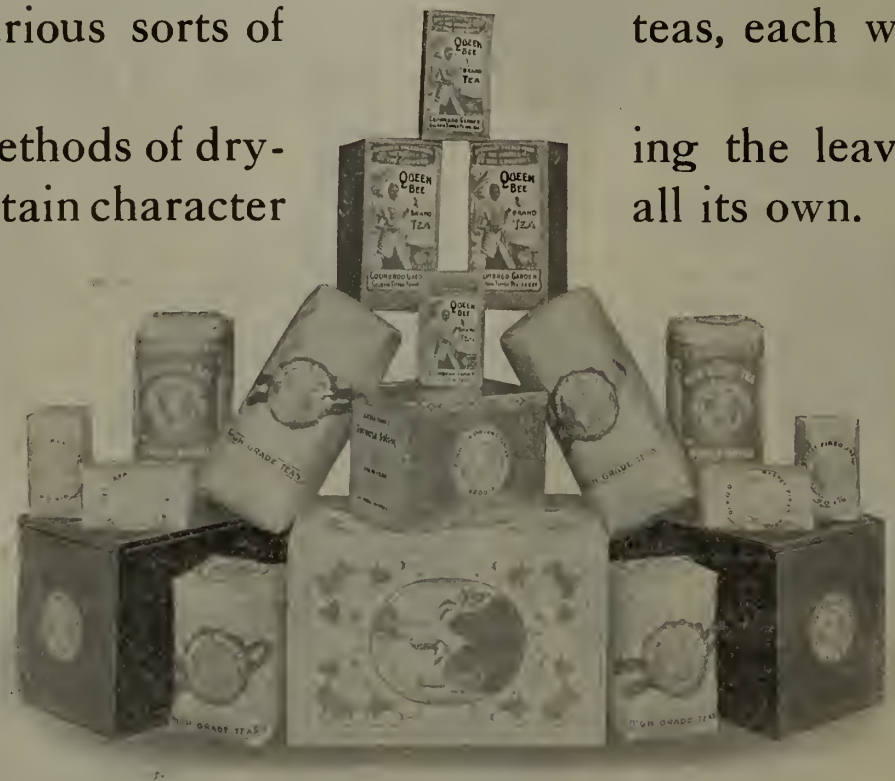
TEAS

The selection of fine Teas requires great care and judgment. All our Teas are tested in the cup by our experienced Tea-Taster before purchasing.

Each plant produces five qualities of tea. The tip leaf, or bud, is the most delicate; the large fibrous leaf near the ground is the coarsest, and the varying sizes between make the various grades.

The soil imparts to the tea plant its distinctive properties. The climate affects it too; so that different countries and districts produce various sorts of teas, each with a special peculiarity.

The methods of drying the leaves also give the tea a certain character all its own.



TEA MAKING

Never boil the tea. An infusion of from five to seven minutes should be ample in every case. Use sufficient leaves to get the strength desired. To get more strength use more leaves, **not** more time; the extra time brings out the rank tannin of the leaf, which is bitter and not the true flavor.

Pin-Money PICKLES

"Thereby hangs a tale"
—as *Bill says.*

OFFICE OF
CARROLL WHITAKER
ATTORNEY

SAUGERTIES, N. Y., July 31, 1896.

DEAR MADAM: In my innocence I purchased in New York (100 miles from here) a jar of your "PIN-MONEY PICKLES." It brought me great trouble, and one of three things must occur: 1, you must stop making them; or, 2, I must get them at less expense; or, 3, I'm a ruined man. Since my first venture I've had many "jars." My family from early morn cry "Pickles"; neighbors ring the door-bell and shout, "Pickles"; relatives visit me in expectation of "Pickles." YOUR PICKLES are my Nemesis. Please, Dear Madam, quote them by the Keg, Barrel, Hogshead, Ton or Shipload, and "preserve" me.

Yours very truly,

CARROLL WHITAKER.

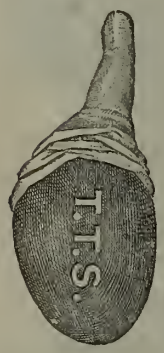
Lachsschinken (rolled ham)	50



Westphalian hams are not recommended for shipment out of town. They are sold at all times at marked weights and buyer's risk. We bone and boil ham for 50c.

Hams for export are cured and packed with unusual care, and curers use every precaution to guard against spoiling, but they cannot guarantee hams to keep in all climates, especially where it is very warm. We, as shippers, cannot therefore entertain claims for hams spoiled.

Get Acquainted!

If you will take a little more interest in selecting your groceries, you will find that you have made a mistake in not trading here long ago.

Our Groceries are Unusually Good

In business for over sixty years, but we do not advertise that fact as some people might think that we are ready to sell out. We have learned, in that time, the difference between good and bad; have sifted the kernel from the chaff; and now offer you our ripened experience as buyers and purveyors of good things to eat and drink.

DAIRY PRODUCE

BUTTER, EGGS AND CHEESE

This department is a special feature of our business and is in charge of one of our managers, who has had the immediate supervision of it for years.

He knows that GOLDBERG, BOWEN & CO. want not only GOOD butter and eggs, but that they demand the BEST, as they cannot maintain their reputation as MASTER GROCERS by anything less than the very finest.

We cannot quote prices here, as the market is constantly changing.

All butter is sold in strictly full weight squares of two pounds each.

"M" BUTTER

This butter is the finest that is made in California. It is churned from the cream of Jersey cows only and then it is worked and iced until it is as perfect as is possible to make it.

For those who like a firm, clear, delicately flavored butter, the "M" butter will meet their requirements in every way.

We ask but a slight advance over the price of the ordinary table butter, but the difference in quality is so pronounced as to make it well worth the few extra cents.

HAZELNUT

Cream of the Dairies

Under this label, we send out a fine grade of table butter, which should satisfy the demands of the most fastidious housekeeper. It is made especially for us in one of the cleanest and most up-to-date creameries in the State, and it MUST be good butter or we wouldn't let it get past our front door.

FIRKIN

During the winter months of the year we carry in stock the best grade of cold storage butter that is made. It makes a fair table butter, and is especially adapted for cooking uses, when the finest creamery butter is selling at the maximum figures.

FLOUR

Excelsior and Our Choice flours are our own private brands. They are made specially for us, and the makers are instructed to spare no pains regarding quality. They are recommended by us as superior to advertised brands and are made especially for users of choice flour. Only on account of not being extravagantly advertised, we are able to sell them at the same prices as the advertised brands.

Isn't it folly to pay 25c for an Imported cigar, when "Flor del Mundo" Imperiale at 12½c is its equal from every view point?

Flor del Mundo

Havana Cigars

Made in Tampa

The "Flor del Mundo" contains the same Havana tobacco, and is rolled by the same class of Cuban makers, under the same climatic and better workroom conditions as the imported brands—the sole difference being duty, which we have never found added to the quality of the cigar.

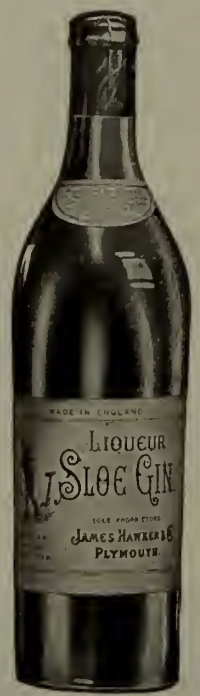
SLOE GIN



FROM its birth, the **Pedlar Brand Sloe Gin** has been claimed by us to be the original Liqueur Sloe Gin, placed upon the market as a commercial commodity, and its exceptionally fine quality and purity has gained for it a world-wide reputation. We guarantee that no essences of any kind whatever are used in its manufacture. The demand has grown by leaps and bounds, and there is scarcely anyone who is not acquainted with the **Pedlar Brand.** It is sold in practically every country, and all who taste it appreciate its cleanness on the palate and wonderfully pleasing and fascinating flavor.

Sierra Madre Olive Oil

OLIVE OIL was held in high esteem by the ancients, and, although it was one of the earliest products of the earth to be used by man as food and medicine, few persons today have ever tasted PURE OLIVE OIL, and fewer yet have tasted pure olive oil that was good.

Sierra Madre Pure Olive Oil is pronounced by connoisseurs to be superior in every respect to any other olive oil produced in the world. It is a light, delicate oil of brilliant color, having an exquisite aroma and flavor.

The use of our pure olive oil in food, to the exclusion of all other fats and oils, will purify one's body, giving health and vitality and extending the term of life many years.

Sierra Madre Olive Oil is prepared especially for table and medicinal use.

To be obtained only at GOLDBERG, BOWEN & CO., Sutter Street, above Kearny

THE highest priced Imported cigars cannot give you any greater satisfaction than a "Flor del Mundo," and they cost a great deal more.

Flor del Mundo
Havana Cigars

"Flor del Mundo" cigars are made at Tampa, an ideal place for cigar making, less than 100 miles distant from Cuba; it has the same climate. The best Cuban makers roll the choicest Havana tobacco, imported in the leaf. Thus, tobacco, climate, and workmen — the three great essentials—are the same as in Imported cigars, but the saving of the high duty on the finished product enables us to sell "Flor del Mundo" of equal quality, at 40% less.

Aluminum Cooking Utensils

Aluminum Ware is fast being recognized as the safest of all cooking utensils. There is no flaking of enamel or nickel. Some of the best reasons why **Aluminum Ware** should be in every household are:

It is light in weight—bright and absolutely pure.

It will not scorch or burn the food as readily as other utensils and retains the heat to longer periods.

It does not contain nor form any of the poisonous substances found in iron, tin, copper or enameled wares.

Aluminum Ware **does not** take care of itself, but it requires less labor than any other utensil to keep in first-class condition.

Beatsol is the best thing we have found for removing stains from Aluminum Ware.

MARIE BRIZARD & ROGER CORDIALS

Marie Brizard & Roger, of Bordeaux, is one of the oldest cordial houses in the world. We have represented them for many years and their goods have always given satisfaction.

For prices, see page 52.

Goldberg, Bowen & Co.

Sole Agents for Pacific Coast

Why We Recommend Rhine Wines

Because they are light and palatable and very healthful, and are delightful for banquets or home table use.

THERE ARE MANY DIFFERENT VARIETIES OF

RHINE AND MOSELLE WINES

but those bottled by Henkel & Co., of Wiesbaden and Biebrich, Germany, are unquestionably the best.

The New Spring House and Bottlery at Poland Spring, Maine

BUILT on the lines of Mission architecture—so familiar and popular with Californians—of hydraulic pressed, gray, mottled fire brick, topped with roof of dull green Mission tile, the exterior of these buildings is most inviting. The interiors, however, are wonderfully beautiful and amazingly equipped. The entire interior walls, ceiling and floors are of the famous Carrara glass, an inch in thickness. The ornamentation is of Pavanezzo marble and mosaic. The mechanical devices are all of silver or heavily plated metal. Belt conveyors are used everywhere to prevent handling. All the air supplied is forced under pressure through great cotton filters in the tower, entering the room at top and being exhausted near the floors. Every operative takes a shower bath and dons a special hygienic uniform before entering this department.

This great expense has been undertaken that every bottle of Poland Spring water may reach the purchaser in any part of the world in the same marvelously pure state it possesses at its source.

Gout and Dyspepsia

THIS SPRING IS THE PROPERTY OF THE FRENCH REPUBLIC

The **CÉLESTINS WATER** owes its old and high reputation to the results produced by its use in cases of liver congestion, hepatic-colics, diabetes, and chronic affections of the urinary organs. Its efficacy is recognized in the affections of the digestive organs: gastralgia, gastritis, gastric enteritis and other troubles of the stomach. It is valuable to the gouty and to the dyspeptic. It should be prescribed in moderate quantities; generally two bottles per day.
